We held our 6th External Advisory and Equity Board (EAEB) meeting in July 2026!

The board reviewed post-implementation calculator utilization data, which demonstrated an **overall utilization rate of 40%**, and discussed strategies to support continued implementation across sites.

Congratulations to **LGH** for achieving utilization rates above 60% and **Akron** for achieving utilization rates above 80%!

Leadership teams from sites # 1 - 6 should have received information about their equity data.

Please contact the central team with any questions.
